Environmental Engagement Lead

Devon Planet Action Partnership

Engaging businesses to take action for the planet and invest in the next generation

Act Now

“the last opportunity to make the necessary change”

Hostile Conditions 

Climate Injustice 

Emissions 

Wildlife Decline 

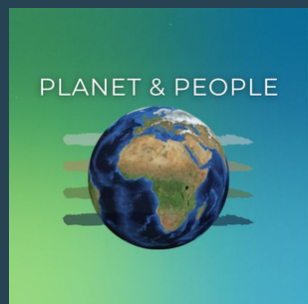

Human Impact 

'deciding decade'
'permacrisis'
'extinction'

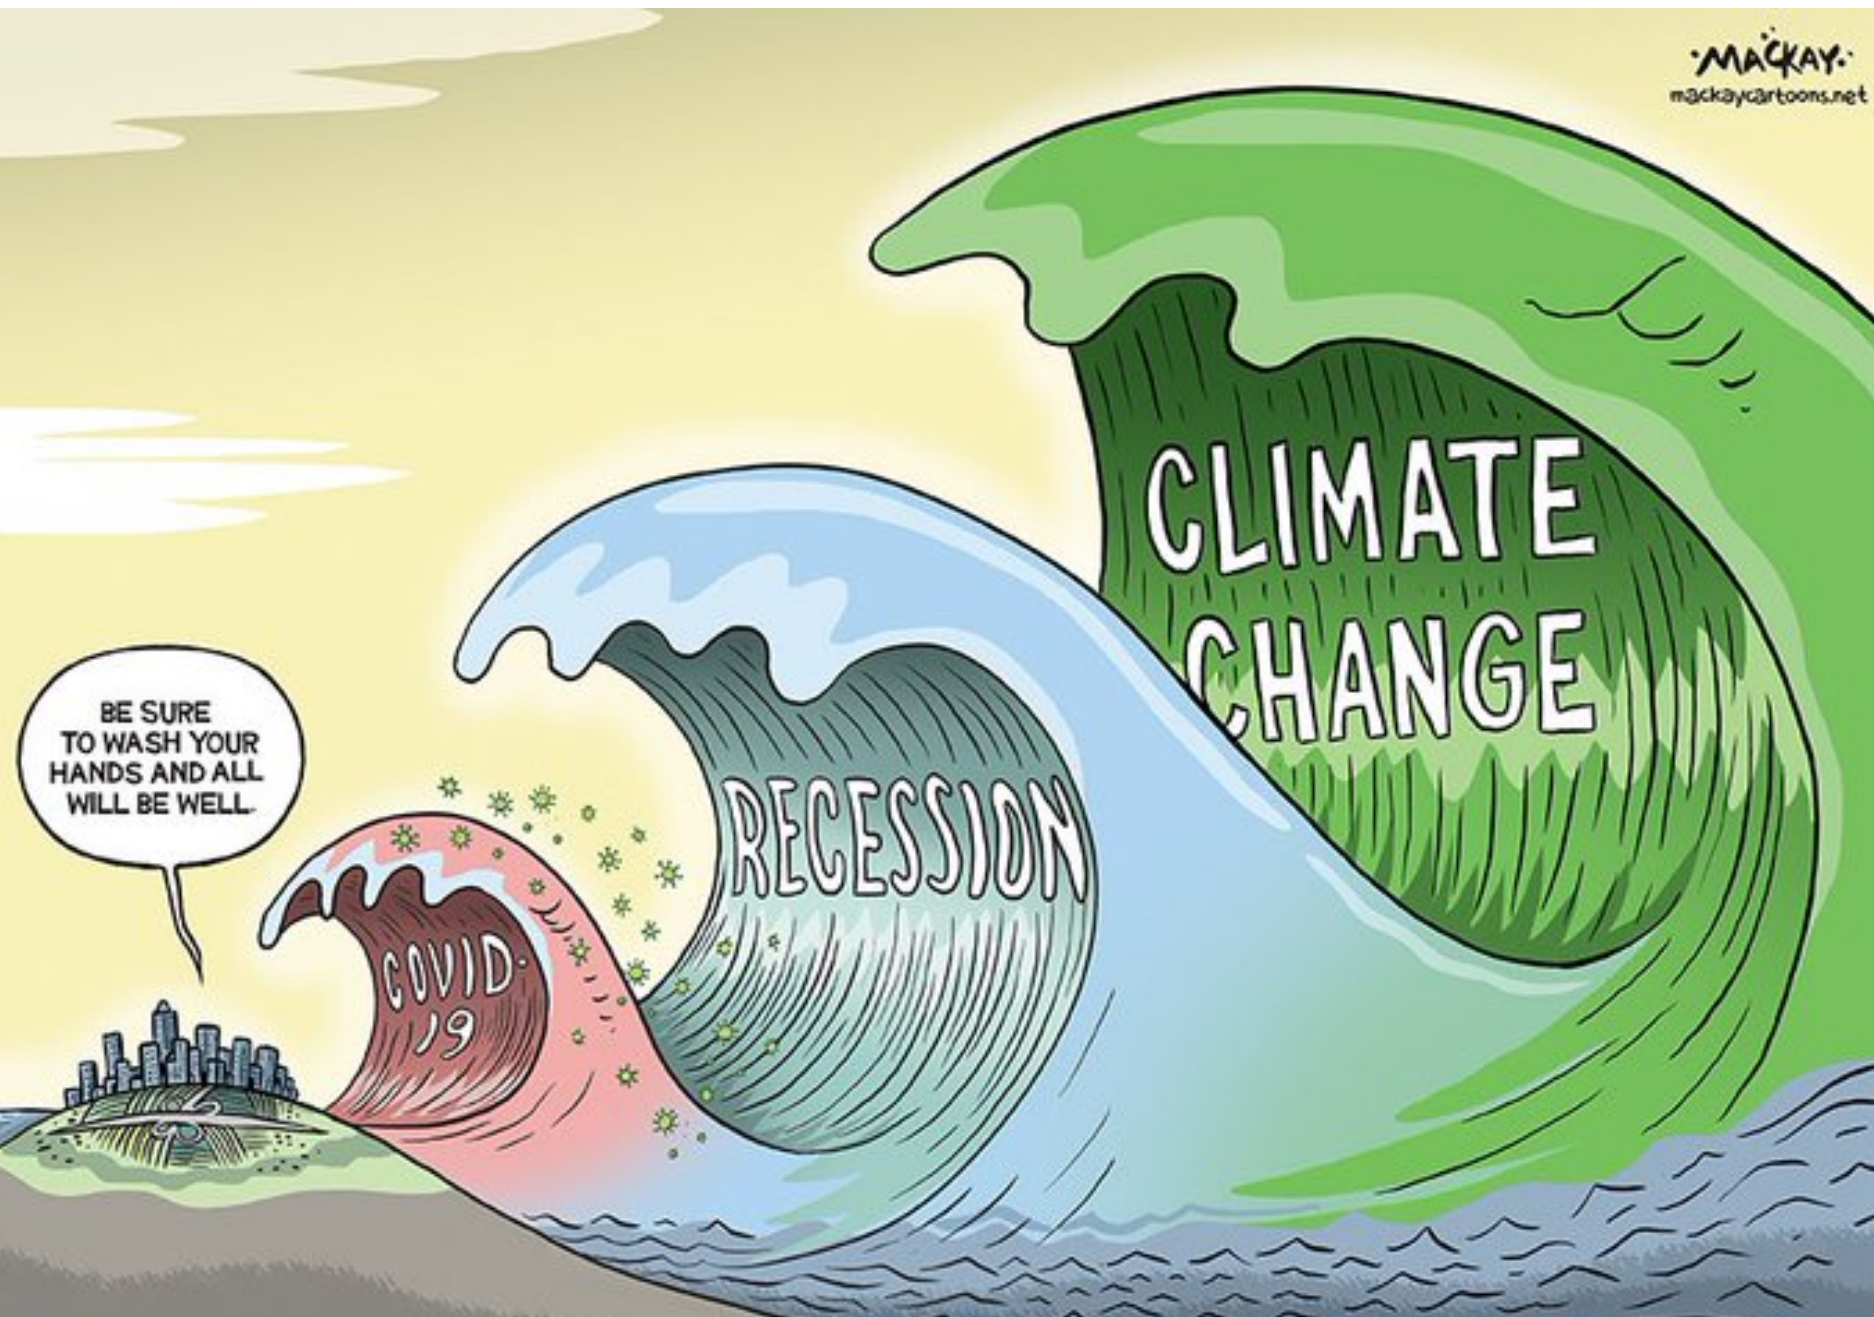

'eco-anxiety'

'tipping point'

'code red for humanity'

Perspective

Net Zero Possibilities

'Net zero refers to a state in which the greenhouse gases going into the atmosphere are balanced by removal out of the atmosphere.'

TOP REASONS FOR NET ZERO COMMITMENT

Regulatory pressure
Attracting future clients
Eco-minded talent pool
Cost savings
Playing our part

SMEs contribute to 50% of carbon emissions in the UK
